

Finol Environmental Policy Statement

The facilitation of a clean environment and effective environmental protection is fundamental in the upkeep of the environment. Finol Oils recognises that its business activities and products have an impact on the environment nationally. Therefore it is Finol's policy to minimise the impact of our business on the environment.

Our objective is to create a climate of excellence, not only within the business, but also anyone affected by our activities, and the environment. In order to achieve this, the following policy has been established. We will manage our activities to minimise, wherever possible, their effect on the environment.

Our practice of regular monitoring of our performance of effective environmental protection is the only way to ensure we meet all levels of our environmental policy objectives. We are committed to this practice and to a process of continuous improvement of environmental performance of our business.

Our Environmental Policy commits the company at all levels to ensure that we:

- Comply with all applicable laws, regulations, standards and codes of practice.
- Identify any risk of pollution arising from any of our activities, products and/or services, which shall then be either eliminated or effectively controlled to meet or exceed all regulatory requirements relating to the environment.
- Reduce to a minimum unnecessary use of materials, resources and energy. Reduce to a minimum the environmental effect on all future developments and carry out an appraisal of the environmental effect of resourcing of raw material.
- Reduce waste to the lowest possible level ensuring responsible disposal of waste created and received.
- Ensure that there is a facility in place to remove waste oil from our account customers premises to ensure that the hazardous material is disposed of in an environmental friendly manner
- Advocate employee involvement in all environmental matters, providing suitable training and support to all employees with regard to this environmental policy.
- Minimise any adverse environmental effects caused as a result of our activities, in particular our products using the best available techniques without entailing excessive costs.
- Ensure any persons working on our behalf are made aware of and agree to comply with this policy.
- Seek to ensure products and/or services supplied/provided by third parties can be used, handled, stored and disposed of in a manner which safeguards the environment and the health & safety of all.
- Undertake to review this policy and associated procedures, in light of any new knowledge, change in legislation or public concerns.

To emphasise the importance of good environmental practice Finol Oils will communicate this policy to our employees and partners, and will seek their active cooperation in its achievement. The directors & management require the active co-operation and commitment of all members of staff to ensure the effective implementation of this policy.
