

# FINOL CHAIN & DRIVE LUBRICANT

## APPLICATIONS

Chain and Drive Lubricant is a scientifically developed quality lubricant for all roller chain applications. The nature of the lubricant allows for the penetration of the inner roller area of the chain and then becomes tacky, therefore preventing throw off at high speed. Chain and drive lube also resist washing off and so prevents the wear caused by the friction of a dry chain. Contains high performance extreme pressure and anti fling additives

## HEALTH & SAFETY

- Highly Flammable
- Keep away from source of ignition\*\*No smoking
- Do not breath vapour / spray
- Use in well ventilated areas
- Keep out of reach of children

## DIRECTIONS

- Shake can well before use
- Spray along the full length of the chain and rotate slowly to allow full penetration, allow to stand for a few minutes before use
