How to use Actioil in a gas station

Simple and non-aggressive: The Actioil A550 treatment

Actions:

- ▶ Fuel actions:
 - ▶ Increase lubrication
 - ▶ Optimizes its qualities (cetane index)
 - ▶ Prolongs oxidation stability
 - ▶ Improves its stability in the cold
- ▶ Dissolves sludge and sediment Atomises water particles
- ▶ Inhibitor of bacteria, prevents the formation of bacteria
- ▶ Preserves the operation of pumps and injectors Protects the tank from corrosion or erosion by deposition of a protective film
- ▶ Prevents clogging due in part to biofuels

Résultats:

- ▶ Tanks without corrosion or erosion
- ▶ A cleaned fuel, regaining its initial performance
- ▶ Reduced polluting emissions
- ▶ Protected injection systems and engines
- ▶ Restored power and performance

Removes

- ▶ Microorganisms
- ▶ Loss of power
- ▶ Overconsumption
- ▶ Scrub of injector needles

Protect

- ▶ Injection pump
- ▶ Injectors
- ▶ Tanks
- ▶ Fuel system

Easy of use and duration of the action
