

Performance U LDF 3 Engine Oil 10W-40

Lubricant recommended for extended drain intervals on heavy duty engines

APPLICATIONS

intervals for engines

Synthetic technology lubricant recommended for extended drain intervals on all Scania Euro 6 engines. Also suitable for Euro 5 and previous engines.

PERFORMANCES

SCANIA LDF-3 ACEA : E4/E7

- SCANIA LDF-3 specification
- Meets the requirements of: ACEA : E4/E7

CUSTOMER BENEFITS

Very extended oil drain intervals and reduced maintenance costs

Technical performances

Easier cold start due to its low viscosity at low temperatures
 Exceptional anti wear and detergency properties
 Excellent service stability
 Excellent dispersive, anti oxydant and anti corrosion properties
 Exceptional performances due to the lubricant's synthetic basis added to high performance additives.

CHARACTERISTICS

	Units	SAE Grade 10W-40
Volumetric mass at 15°C	kg/m ³	866
Viscosity at 100°C	mm ² /s	13
Viscosity at 40°C	mm ² /s	84.1
Viscosity index	-	156
Flash point	°C	243
Pour point	°C	-42
T.B.N	mgKOH/g	16
