## Multi-purpose extreme-pressure lithium grease.

## APPLICATIONS

- MULTI EPL 1 is a true multi purpose grease, formulated for lubrication of loaded slide-,ball-, and roller-bearings, wheel bearings, universa joints, chassis, and various shock loaded or vibrating applications in transport, agriculture and off road equipment, operating in wet, dusty and/or dry conditions.
- Suitable as general purpose grease for industrial applications requiring a NLGI 1 grade extreme Pressure grease.
- Always avoid contamination of the grease by dust and/or dirt when applying. Preferably use a pneumatic pump system or cartridges.

## SPECIFICATIONS

Finol MULTI EPL 1 meet the following International Specifications:

- ISO 6743-9: L-XBCEB 1
- DIN 51 502: KP1K -30

## ADVANTAGES

- Because of its true Multi Purpose character MULTI EPL 1 may replace a wide range of greases, allowing stock rationalization and simplification of maintenance.
- Forms a durable lubrication film, resulting in reduction of maintenance and down-time costs.
- Miscible with most other conventional soap greases.
- Excellent mechanical stability avoiding ejection or loss of consistency during operation.
- Excellent adhesion to metal.
- Good thermal stability, leading to high resistance to temperature variations.
- MULTI EPL 1 does not contain lead, or other heavy metals considered harmful to human health and the environment
